

Session 1 Medical Students, Medical Residents, Medical Fellows

8:00 Introduction - Dr. Peter Hoffmann, CMB Department JABSOM

8:05 Kimberly Teehera Exploration Of Sociodemographic Disparities In Acoustic Neuromas In Hawaii

8:10 Donnell Nguyen Three Year Old With Proteinuria

8:15 Abella Maveric The Influence Of An In-Person Or Telehealth Pre-Operative Appointment On Patient Outcomes And Clinical Operations

8:20 Kohei Hasebe Impaired Standing Balance Predicts 29-Year Mortality In Older Japanese-American Men: The Kuakini Honolulu Heart Program

8:25 Piueti Maka Feasibility Of Same Day Discharge In Elderly Patients Following Unicompartmental Knee Arthroplasty (Uka)

8:30 Maya Matsumoto Feasibility Of Outpatient Discharge Following Single-Stage Bilateral Total Hip Arthroplasty

8:35 Makoa Mau A Comparison Between Unilateral Unicompartmental Knee Arthroplasty (Uka) And Total Knee Arthroplasty (Tka) Patient And Clinical Reported Outcomes

8:40 Cori Sutton The Role Of Cardiovascular, Neurologic, Socioeconomic, And Demographic Risk Factors On Moyamoya Disease Compared To Ischemic Strokes In Hawaii: A Retrospective Case-Control Study

8:45 Eileen Chen Oncotypedx Scores According To Race/Ethnicity And Age In A Diverse Cohort Of Breast Cancer Patients

8:50 Nina Baker Inappropriate Laughter And Behaviours: How, What, And Why? Case Of An Adult With Undiagnosed Gelastic Seizure With Hypothalamic Hamartoma

8:55 Nina Baker Improving Follow-Up For Patients Seeking Care For Potential Covid-19 Symptoms And Exposure

9:00 Ashley Shirriff Isolated Acetabular Cup Revision Via The Direct Anterior Approach

9:05 Emily Leibovitch The Unexpected Benefits Of Telemedicine Use For Family Centered Rounds During The Covid-19 Pandemic

9:10 Dylan Combs Anesthesia Choice And Transfusion Risk In Total Hip Arthroplasty

9:15 Connor Goo Restoration Of Hip Symmetry Following Revision Total Hip Arthroplasty Through A Direct Anterior Approach

9:20 Rachel Gorenflo Identifying Socioeconomic, Psychiatric, And Biological Risk Factors In Psychogenic Nonepileptic Seizures

9:25 Holly Harada Loneliness And Depressive Symptoms And 8-Year Incident Dementia: The Kuakini Honolulu-Asia Aging Study

9:30	Tyler Thorne	Racial And Ethnic Disparities In Utilization Rate And Perioperative Outcomes After Knee And Hip Arthroplasty
9:35	Maria Pimenova	Many Faces Of Monoclonal Gammopathy Of Renal Significance In Hawaii
9:40	Rachel Lew	Identification Of Socioeconomic Disparities And Risk Factors For Meningiomas In Hawaii: A Retrospective Case-Control Study
9:45-10:15	Break	
10:15	Matthew Allen Lim	Striving For Perfection Through Continuous Improvement: Lessons Learned At The Hawaii Pacific Health Covid-19 Vaccine Site In Pier 2
10:20	Kayti Luu	Obesity And Cup Placement Accuracy In Daa Tha Using Four Different Image Guidance Systems
10:25	Alex Placek	So You Think You Are Fit? Renal Injury In Crossfit Community
10:30	Ruixue Zhang	Radiographic Assessment Of Two Short Femoral Stems Used During Total Hip Arthroplasty Via Direct Anterior Approach
10:35	Richard Aldan	Complications Following Total Hip Arthroplasty Revision Via Direct Anterior Approach
10:40	Brendan Seto	Disparities In Rate, Risk And Outcomes Among Native Hawaiians And Other Pacific Islanders Undergoing Major Cardiac Surgery In Hawaii
10:45	Stephen Macaspac	When Too Much Information Is Not Enough. Nephrotic Syndrome In A Newborn And Adult- A Case Comparison In The Age Of Personalized Medicine
10:50		
10:55	Tate Higashihara	Predicting Covid-19 Vaccination Amongst Patients At Neuroscience Center In Hawaii
11:00	Dylan Singh	The Influence Of Patellar Erosion On Knee Range Of Motion Following Unicompartmental Knee Arthroplasty
11:05	Dylan Singh	Strict No Touch Surgical Technique Reduces Capsular Contracture And Breast Implant Infection Rates
11:10	Brandan Sakka	Feasibility Of Outpatient Discharge In Single-Stage Bilateral Unicompartmental Knee Arthroplasty
11:15	Vera Ong	Time From End Of Surgery To Discharge Following Total Knee Arthroplasty: Implications For Same Day Discharge
11:20	Tolson Nichols	Targeted Therapies: Hitting The Bullseye On The Wrong Target!
11:25	Kyle Obana	Favorable Outcomes Of Posterior Cruciate-Stabilized Implants Over Ultracongruent Implants In Total Knee Arthroplasty
11:30	Kyle Obana	Primary Total Knee Arthroplasty Implants And Porous Tantalum Cones For Failed Unicompartmental Knee Arthroplasty

11:35	Eun Ah Cho	What Procedures Are Rural Physicians Performing? A Survey Of Primary Care Providers In Rural Hawaii
-------	------------	---

11:40	Joshua Mostales	Development And Validation Of A Colorectal Operative Severity Score: An Independent Predictor Of Postoperative Outcomes
-------	-----------------	---

11:45	Joshua Mostales	Safety Of Single-Stage Bilateral Direct Anterior Total Hip Arthroplasty In Patients 70 Years And Older
-------	-----------------	--

12-1 pm	Speaker for the 2020 Dr. Windsor and Mary Cutting Lecture in Pharmacology and Keynote Speaker	
---------	--	--

Barbara Slusher, M.A.S. Ph.D, Johns Hopkins School of Medicine.
“Drug Discovery Goes to School: the rising role of academia in the discovery of new therapeutics”

2:00	Max Nakamoto	Do Patients Who Use Methamphetamine Use More Emergency Room Resources?
------	--------------	--

2:05	Kayla Murata	Does Camera Use Affect Learning And Camaraderie On Zoom? A Quality Improvement Project In A Family Medicine Residency Program
------	--------------	---

2:10	Robert Bradley	Feasibility Of Outpatient Discharge Following Simultaneous Bilateral Total Knee Arthroplasty
------	----------------	--

2:15	Kristen Hori	2020 Surveillance Of Respiratory Pathogens
------	--------------	--

2:20	Amelia Hummel	Roadblocks And Other Blocks On A Triathlete'S Path To Gold: A Case Report
------	---------------	---

2:25	Megan Ishii	Comparison Of Early Functional Outcomes In Unilateral And Simultaneous Bilateral Total Knee Arthroplasty Patients Over 70
------	-------------	---

2:30	Melissa Jackels	Influence Of Pre-Operative Range Of Motion On Post-Operative Range Of Motion And Function In Total Knee Arthroplasty
------	-----------------	--

2:35	Oli Jacobsen	What's In Your Water?
------	--------------	-----------------------

2:40	Sean Chan	Did Covid-19 Affect Proms Following Hip And Knee Replacement?
------	-----------	---

2:45	Nicole Nakamatsu	Cross-Cultural Classroom: Assessing Student Opinion Of Online, Case-Based Learning Modules, Utilizing Mri And Xr Technology, In American And Turkish Medical Students
------	------------------	---

2:50	Liana Kobayashi	Implementing Same-Day Larc Insertions In A Family Medicine Residency Program
------	-----------------	--

2:55	Shirley Cheng	Genomic Landscape Of Cell-Free Dna In A Diverse Cohort Of Metastatic Breast Cancer Patients
------	---------------	---

3:00	Richard Ho	Comparing Epilepsy To Psychogenic Non-Epileptic Seizures, Identification Of Risk Factors: A Retrospective Case-Control Study
------	------------	--

3:05	James DeJesus IV	Improved Hip Symmetry With An Adjustable Fluoroscopic Grid During Total Hip Arthroplasty
3:10	James DeJesus IV	Blood Transfusions Following Total Joint Arthroplasty In White, Asian, And Native Hawaiian/Pacific Islander Populations
3:15	Surbhi Bansil	Assessing The Influence Of The Hawai'i Homeless Outreach And Medical Education (H.O.M.E.) Project On Medical Students' Choices Of Specialty
3:15-3:40	Break	
3:40	Landon Morikawa	Oxford Unicompartmental Knee Arthroplasty Learning Curve For The Experienced Surgeon
3:45	Landon Morikawa	Peroneus Longus Tendon Allograft For Hip Labrum Reconstruction
3:50	Kurtis Young	Medicolegal Considerations Regarding Steroid Use In Otolaryngology: A Review Of The Literature
3:55	Kornkanok Saringkarisate	Neonatal Varicella Meningitis Caused By Vaccine-Strain After Postpartum Maternal Varicella Vaccination Rash
4:00	Charissa Tan	Sociodemographic Disparities And Risk Factors In Diagnosing Idiopathic Intracranial Hypertension In Hawaii: A Retrospective Case-Control Study
4:05	Kelvin Naito	Success And Safety Of Achieving Outpatient Status Following Unilateral Total Knee Arthroplasty With A Rapid Discharge Protocol
4:10	Bree Kaneakua	Assessing Demographic Recruitment Bias In U.S. Clinical Trials Between 2008-2019
4:15	Julian Rimm	Gap Balance Versus Measured Resection Technique In Total Knee Arthroplasty With Fixed Femoral Cut Of 6° Valgus
4:20	Ilana Buffenstein	Severe Hypothyroidism In A Hypomanic Patient With Sepsis: A Case Report
4:25	Bibek Saha	Septic Arthritis Of Native Joints Due To Mycobacterium Avium Complex: A Case Report And Systematic Review
4:30	Sean Saito	Prevalence Of Contralateral Osteoarthritis In Unilateral Arthroplasty Patients And The Influence Of Ethnicity
4:35	Kyung Moo Kim	Decreasing Length Of Stay In A High Volume Emergency Psychiatric Service Through Implementation Of A Psychiatric Social Worker Model
4:40	Frances Tiffany Morden	Distance, Income, And Chronic Pain Influence The Use Of Telemedicine In Hawai'i During Early Stages Of The Covid-19 Pandemic
4:45	Yoonhwan Roh	Patients' Compliance With Quarantine And Isolation Recommendations For Potential Symptoms Or Exposure To Covid-19
